Browser Compatibility									Notes
All pages	Chrome	Edge	Firefox	Safari	Opera	IE			
Renders as expected	Good	Good	Good	Good	Good	Fair			In Internet Explorer 11 I got some styling issues, I made photos and stored them in the testing folder: - The cover text on the home page image doesn't render on 2 lines. - 8 ball html entity 🎱 renders as a rack instead of a ball (not an issue). - The 8 ball background image renders not as expected. Due to the fact that IE11 isn't as widely used anymore I except these issues, without handling them.
